ABOUT ME

I'm a Junior Front-End Developer, building projects with Javascript/(React, Next, TypeScript, React Query, Styled Components).
I finished the first year of the DH course with a full stack jr and currently I specialize in Frontend at night.

Main competencies: React.js, JavaScript, TypeScript, HTML, CSS...

Objective: Act as Front-end Developer.

SKILS

- Front-end: Html, CSS, SASS, Javascript, React.Js, NextJs, Redux, Vite, Typescript, Bootstrap, Jsdoc, PropTypes
- Back-end: Java, UML, MVC. Spirng Boot , API Rest, SQL and MySQL, Workbench.
- Testing: Postman, Robot Framework and Selenium.
- Infra: Docker, Jenkins, AWS.
- Interface: Design UX/UI, design thinking and Figma.
- General: Git, GitHub, GitLab, Agile Methodologies, Scrum.

EDUCATION

Digital House
Certfied Tech Developer - Web Systems programing
Full Stack Jr com especialização em Front
2021-2023

University UNIME
Bachelor in Logistics
Specialization in Supply Chain Management
2012-2014
Graduated with honors

CARRER

07/2022 - Current - ARLOESITECH
Position: Front End Developer
Main activities: building projects with Javascript/(React, Next, TypeScript, React Query, Styled Components).

05/2021 - 07/2022 - SELF EMPLOYED
Position: Front End Developer
Main activities: Participated in the development of some academic projects for the Certified Tech course Developer with the objective of improving my knowledge in the technologies that
I want to act. Among these projects, I highlight the ones I consider most relevant below:
Digital Booking Project - https://digital-bk.vercel.app/
Restart bodega project - https://checkpoint-integrador-frontend.vercel.app/
In both projects we mainly use ReactJS.

02/2020 to 07/2020 - BORA TRANSPORTS
Position: Operational Supervisor
Main activities: Process management, movement and storage of goods, distribution network configuration, lower logistics cost coordination, billing, dispatch, supervision, inventory control, computerized management, KPI, operational planning, 5s application, crosdoking.

2008-2018 - TRANSPARANA
Position: Supply Chain Manager.
Main activities: Process management, commercial, proposals, movement and storage of goods, distribution network configuration, lower logistics cost coordination, billing, shipping, supervision, inventory control, computerized management, financial, operational planning, 5s application.

COMPLEMENTARY COURSES

- ENGLISH COURSE – Pacific School – Austrália QLD – 06/2018 – 06/2019.
- Algorithm Course - Video Course - ALGORITHM - 40HS– 08/2020;
- Programming Logic Course with Javascript starting on the front-end- Udemy – 12HS - 08/2020;
- Programming for Dummies and Computer Science from Basic to Advanced – Udemy - 20HS – 09/2020;
- Programming Algorithms and Logic Course from Basic to Advanced - Udemy – 40HS - 10/2020;
- Complete Modern Web Course with JavaScript 2020 + Projects – (COD3R courses) - Web, 14 Courses + Projects, Javascript, Angular, React, Vue, Node, HTML, CSS, jQuery, Bootstrap Webpack Gulp MySQL– 90 HS –10/2020;
- Complete Web Development Course 2021 + Projects – Udemy – 109HS - Web - HTML5, CSS3, SASS, Bootstrap, JS, ES6, PHP 7, OO, MySQL, JQuery, MVC, APIs, IONIC e muito mais – 04/2021;
- React.Js + Next.js 2022 Course – From Basic to Advanced - Udemy – ReactJS, Hooksm ContetApi, NextJS, Styled-Components, Testes com Jest , Storybook, Strapi, HTML e CSS com TypeScript e JavaScript. - 01/2022.

QUALIFICATIONS

- English– Intermediate
- Computing(Windows, Office, Excel, Outlook, Internet, TI);
- Photoshop, Lightroom ;
- Advanced Office Pack;
- System WMS (SI);
- Course ISSO 9001:2000 e SASSMAQ;
- Sebrae Course – D-eye on 5Ss Quality for small businesses;
- Occupational Health and Safety Construction Induction – Certificate
- Provide Responsible Service of Alcohol - RSA
- CNH – Categoria – AB / (Drive Licence) Australiana - car and motorcycle;
